

# CATERPILLAR®

## INVENT YOUR FUTURE.

### Apprenticeship Opportunities Mechanical Fitter, Electrician and Paint Closing Date: 29<sup>th</sup> February

#### Who is Caterpillar?

Caterpillar Inc. is the world's leading manufacturer of construction and mining equipment, off-highway diesel and natural gas engines, industrial gas turbines and diesel-electric locomotives. The company has two sites in Northern Ireland. The facility located in Larne is home to the Electric Power business where the team designs and manufactures Cat® Power Solutions for key business sectors including data centres, construction, mining, healthcare, utility and other industries.

#### What experiences can we offer you at our Larne Facility?

We have exciting apprentice opportunities available within the Mechanical Fitter, Electrician and Paint teams at our Larne facility. Our structured apprenticeship program will enable you to grow and develop your capabilities through a combination of college-based learning and on-the-job training. Our team of experts will share their knowledge with you and enable you to develop specialist skills in the relevant areas of our business.

- **Mechanical Fitter** – you will be trained how to perform diverse functions such as assemblies, fitting, adjusting and altering generator sets, control panels, piping and plumbing systems, hydraulic and pneumatic systems to construct special order containerised generator sets.
- **Electrician** – you will be trained how to first fix containerised units, and how to wire engines, generator sets, control panels, piping and plumbing systems, hydraulic and pneumatic systems to construct special order containerised generator sets.
- **Paint** – you will be trained to prepare, paint and inspect components and container units. You will learn to operate gravity fed spray guns and other painting or coating equipment.

#### Why Caterpillar?

- Competitive salary including annual bonus if triggered
- 37.5 hours/week – typically Mon-Thurs although a variety of shift patterns exist
- Working week includes paid day release at Northern Regional College
- Nationally recognised NVQ2/3(ICORR – Paint) qualification(s) on completion and the opportunity to develop further to HNC/D or degree
- Other benefits include: 33 days holiday, free onsite parking, onsite canteen, contributory pension and share schemes, employee benefits scheme, employee assistance scheme

#### Who are we looking for?

Minimum requirements (Selected applicants will be invited to attend an assessment centre).

- Should have a minimum of 4 GCSE's including Mathematics, English and Science or Engineering, Grade C or above or equivalent. NB: Applicants may apply with predicted grades. If successful at assessment stage, the job offer will be conditional on achieving the required grades before September 2023.
- Must be willing to undertake internal and external job and academic training to achieve required qualifications. i.e. NVQ 2 & 3 and technical certificates.
