STRUGGLE

WITH

MATHS?

You're not alone.

Whether it's managing your budget, calculating discounts or helping your child with their maths homework, everyday maths can be tricky - but we're here to help!

Our FREE **Maths Made Simple** course is designed for adults who do not have GCSE maths or want to refresh their maths skills. It's simple, practical and tailored to help you confidently support your child's learning and your use of everyday maths. You'll learn the skills you need to help with:

- Applying maths skills to everyday life using basic maths concepts
- Understanding how maths is being taught in school
- Helping you and your child feel more confident and relaxed about maths

No jargon. No pressure. No complicated formulas. Just clear, easy-to-follow lessons and tips that will give you the confidence to handle numbers in your daily life.

Where	When	Time
Ballyclare Secondary School	7/1/25, 14/1/25, 21/1/25	2.30-4.30pm

Register now for this fun and engaging three-week course, because mastering the basics of maths makes all the difference. The course is **completely free**, with free resources and refreshments.
